To: Region Director/District Engineer
 UTAH DEPARTMENT OF TRANSPORTATION

Date _____, 20_____
 Work Order No. _____

* (1) Application is hereby made by: _____, Fax No. _____

Contact person: _____, Tel. No. _____, Cell No. _____

* (2) Address: _____

* (3) Permission to do the following: _____

* (4) Location: _____, Milepost _____

City: _____, County: _____, Highway No. _____

* (5) In accordance with the attached plan

* (6) Construction will begin on or about _____, 20_____.
 And will be completed on or before _____, 20_____.

New underground utility installations crossing highway must be placed by boring. If boring is impossible a request for an exception may be made to the Region Director or his representative by providing the following information:

a: Type of pavement _____

b: Excavation will be _____ feet long by _____ feet wide and _____ feet deep

Permittee shall execute a bond in the amount of in \$10,000 or more, to be posted in the Region office and run for a term of three [3] years after the completion of work.

This permit is for UDOT approval only. You are responsible to obtain clearances from railroads, private property owners and local jurisdictions that you are working within.

If this permit is granted, we agree to comply with all conditions, restrictions and regulations contained in UDOT's MANUAL FOR THE ACCOMMODATION OF UTILITIES AND THE CONTROL AND PROTECTION OF STATE HIGHWAY RIGHTS OF WAY, UDOT POLICY 08A-6, and "Special Limitations" required by the Region Director/District Engineer or his duly authorized representative.

Subject to the following conditions and restrictions: _____

This application constitutes a request for agency action under Utah Code Ann. 63-46b-3

 Permittee (Please Print) Title

 Signature Developer

* Refer to instructions on back.

Permit _____ should, _____ should not be granted. _____
 Region Right of Way Coordinator

Instructions

1. Application for this permit should be made by whoever will actually do the work and hold the bond (which is required to guarantee satisfactory performance). Whether it be the owner, contractor or subcontractor.
2. Mailing address of the applicant and the telephone number of the contact person.
3. State fully and completely the type of installation, type of construction, width, thickness, drainage data, etc., where applicable.

If a pole line, give the following information: number of poles, total length of line, type of wire, character of service, vertical clearance over the roadway, and voltage if power line.

If a pipe line or buried cable, give the following information: type of service (sewer, gas, oil, water supply, etc.), depth of trench, length of line, kind of pipe (corrugated metal pipe, ductile iron, concrete, etc.) or conduit. All transverse underground utilities must be placed under the pavement by boring. All fluid lines require encasement with suitable material. The size and length of encasement must be satisfactory to the Utah Department of Transportation.

4. Give distance from some geographical point such as intersecting highways, city or corporate limits. Give city, county, and state or U.S. number and GPS coordinate, if possible.
5. Attach two [2] copies of the plans showing proposed locations of structures with reference to pavement and right of way lines. If installation crosses the highway, show cross section of present roadway and proposed installation. Identify the location of other utilities that may be in conflict.
6. Give anticipated dates for beginning and completion of proposed installations. These will be used in determining the permit fee.

Note: A utility installation fee varying from \$100.00 to \$400.00, dependent of the utility impact, will be charged for all Right-of-Way Encroachment Permits. The amount will be determined by the Region/District Permits Officer. These Permit fees shall be submitted with the application. An inspection fee will also be required as outlined in UDOT's MANUAL FOR THE ACCOMMODATION OF UTILITIES AND THE CONTROL AND PROTECTION OF STATE HIGHWAY RIGHTS OF WAY.
